

zone backflow prevention assembly and a service agreement must exist for annual inspection and testing by a certified backflow prevention device tester.

c. No connection which allows condensing, cooling, or industrial process water to be returned to the public drinking water supply is permitted.

d. No pipe or pipe fitting which contains more than 0.25 % lead may be used for the installation or repair of plumbing on or after July 1, 1988, at any connection which provides water for human consumption.

e. No solder or flux which contains more than 0.2 % lead may be used for the installation or repair plumbing on or after July 1, 1988, at any connection which provides water for human consumption.

PRWSC shall maintain a copy of this agreement as long as the Member and/or premises is connected to the public water system. The Member shall allow their property to be inspected for possible cross-connections, potential contamination hazards, and illegal lead materials. These inspections shall be conducted by PRWSC or its designated agent prior to initiating service and periodically thereafter. The inspections shall be conducted during PRWSC normal business hours.

PRWSC shall notify the Member in writing of any cross-connections or other undesirable practices which have been identified during the initial or subsequent inspection. The Member shall immediately correct any undesirable practice on their premises. The Member is responsible for keeping the areas in and around the meter boxes clean in order to provide proper access. Any and all marking signs put in place by PRWSC shall not be moved or tampered with. Any damages to PRWSC marking signs or Member meter boxes shall be repaired or replaced at the Member's expense. The Member shall, at their expense, properly install, test, and maintain any backflow prevention device required by PRWSC. Copies of all testing and maintenance records shall be provided to PRWSC as required. Failure to comply with the terms of this service agreement shall cause PRWSC to either terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Member.

In the event the total water supply is insufficient to meet all of the Members, or in the event there is a shortage of water, PRWSC may initiate the Emergency Rationing Program as specified in the PRWSC Tariff. By execution of this agreement, the Applicant hereby shall comply with the terms of said program.

By execution hereof, the Applicant shall hold PRWSC harmless from any and all claims for damages caused by service interruptions due to waterline breaks by utility or like contractors, tampering by other Member/users of PRWSC, normal failures of the system, or other events beyond PRWSC control.

The Applicant shall grant to PRWSC permanent recorded easement(s) dedicated to PRWSC for the purpose of providing reasonable rights of access and use to allow PRWSC to construct, maintain, replace, upgrade, parallel, inspect, test and operate any facilities necessary to serve that Applicant as well as PRWSC purposes in providing system-wide service for existing or future members

By execution hereof, the Applicant shall guarantee payment of all other rates, fees, and charges due on any account for which said Applicant owns a Membership. Said guarantee shall pledge any and all Membership Fees against any balance due PRWSC. Liquidation of said Membership Fees shall give rise to discontinuance of service under the terms and conditions of the PRWSC tariff.

By execution hereof, the Applicant agrees that non-compliance with the terms of this agreement by said Applicant shall constitute denial or discontinuance of service until such time as the violation is corrected to the satisfaction of PRWSC.

Any misrepresentation of the facts by the Applicant on any of the pages of this agreement shall result in discontinuance of service pursuant to the terms and conditions of the PRWSC tariff.
